

ANARCHIST COMMUNITY PRESENTATION

ARE INVASIVE PLANTS IMPACTING YOUR PROPERTY?

- Are they degrading wildlife habitat or interfering with the natural recovery of native vegetation?
- Are they impacting your recreational enjoyment?
- Are they decreasing the property value of your land or neighbourhood?

Please join us for an Invasive Plant Community Presentation

Thursday July 10th

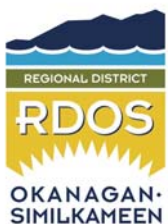

7:00 – 8:30 PM

Meet at the Redekopp Property, 251 Long Joe Road

This event is free of charge! Refreshments & snacks will be provided.

Bring samples of weeds you want identified – ensure you have as much of the plant as possible and pick fresh or else press. If gone to seed, please put in a bag.

Invasive Plant Program Coordinator Lisa Scott will provide information on how to identify and control some of the more common invasive plants in the Anarchist area. She will also talk about the biocontrol agents or natural insect enemies of these invasive plants.

For more information contact Lisa Scott, Invasive Plant Program Coordinator for Regional District Okanagan-Similkameen at 250.404.0115 or info@rdos.bc.ca
